DIRECTOR OF CENTRAL INTELLIGENCE
Security Committee

SECOM-D-195

28 May 1982

NOTE FOR: Director, Office of Community Coordination, ICS

STAT

FROM: [redacted]
Chairman

SUBJECT: Possible OPM Representation on SECOM

1. On 27 May 1982 I received a call from Mr. Robert Hubbard, Office of Personnel Management (254-6844). He said he was acting on instruction of Mr. Donald Devine, Director, OPM, and was seeking guidance on how to request membership or observer status for OPM on the Security Committee in its deliberation about personnel security.

2. Mr. Hubbard said that Director Devine was very favorably impressed with the personnel security standards we established and published in DCID 1/14 as criteria for access to SCI. Director Devine expressed the desire to have OPM explore the possibility of adopting DCID 1/14 requirements as the standards for access to TOP SECRET national security information in their ongoing revision of EO 10450. (As you recall, Gen. Stilwell's Select Panel recently made a similar recommendation in their report on the DoD's Personnel Security Program.)

3. If OPM and DoD do indeed adopt DCID 1/14 criteria as the standard for access to TOP SECRET material, the national security will be well served. Accordingly, if the DCI does receive a request from Director Devine, I would suggest favorable consideration for at least observer status for OPM when the SECOM addresses personnel security policy and procedural matters.
